技能検定の実施について

職業能力開発促進法施行規則（昭和44年労働省令第24号）第66条第3項の規定に基づき、後期技能検定の実施について次のとおり公示する。

令和7年9月1日

愛媛県知事 中 村 時 広

1 実施職種及び等級の区分

技能検定は、次の表の左欄に掲げる職種について、同表の右欄に掲げる等級に区分して実施する。

| 職 種 | 等 級 |
|--|--------|
| casting, metal heat treatment, mechanical processing, non-contact removal processing, metal press processing, workshop metal, plating, finishing, mechanical inspection, electronic equipment assembly, pneumatic equipment assembly, semiconductor product manufacturing, automatic vending machine adjustment, air pressure equipment assembly, oil pressure equipment adjustment, construction equipment maintenance, women's children's clothing manufacturing, plastic check forming and pan manufacturing | 特級 |
| workshop metal, mechanical inspection, sequence control, semiconductor product manufacturing (limited to those related to integrated circuit chip manufacturing), automatic vending machine adjustment, pneumatic equipment assembly, oil pressure equipment adjustment, agricultural machinery maintenance, cold air conditioning and equipment construction, women's children's clothing manufacturing (limited to those related to sewing of women's children's clothing), plastic check forming (limited to those related to injection molding), stone construction, pan manufacturing, leaf manufacturing, construction work, finishing, piping, type construction, rebar construction, concrete pumping construction, waterproofing construction, resin bonding agent injection construction, curtain wall construction, glass construction, mechanical/plant drawing (mechanical drawing handwriting, mechanical drawing CAD), electrical drawing, painting and advertisement art finishing | 1級及び2級 |
| drawing (limited to disciplines), mechanical processing, mechanical inspection, electronic equipment assembly, sequence control, cold air conditioning and equipment construction, furniture manufacturing, construction work, finishing, piping, type construction, rebar construction, mechanical/plant drawing, electrical drawing and advertisement art finishing | 3級 |

2 試験の方法

実技試験及び学科試験

3 実施期日及び実施場所

(1) 実施期日

ア 実技試験

令和7年12月5日（金）から令和8年2月15日（日）までの間において、愛媛県職業能力開発協会が指定する日

イ 学科試験

実施職種ごとに、次の表のとおりとする。

| 職 種 | 等 級 | 実 施 期 日 |
|---|--------|--------------|
| mechanical inspection, sequence control, women's children's clothing manufacturing (limited to those related to sewing of women's children's clothing), piping, type construction and glass construction | 1級及び2級 | 令和8年1月25日(日) |
| sequence control, piping and type construction | 3級 | |
| casting, metal heat treatment, mechanical processing, non-contact removal processing, metal press processing, workshop metal, plating, finishing, mechanical inspection, electronic equipment assembly, pneumatic equipment assembly, semiconductor product manufacturing, automatic vending machine adjustment, air pressure equipment assembly, oil pressure equipment adjustment, construction equipment maintenance, women's children's clothing manufacturing, plastic check forming and pan manufacturing | 特級 | 令和8年2月1日(日) |
| workshop metal, automatic vending machine adjustment, oil pressure equipment adjustment, agricultural machinery maintenance, cold air conditioning and equipment construction, stone construction, pan manufacturing, waterproofing construction, curtain wall construction and mechanical/plant drawing (mechanical drawing handwriting, mechanical drawing CAD, limited to those related to those) | 1級及び2級 | |
| drawing, cold air conditioning and equipment construction, furniture manufacturing and mechanical/plant drawing | 3級 | |
| semiconductor product manufacturing (limited to those related to integrated circuit chip manufacturing), pneumatic equipment assembly, leaf manufacturing, construction work, finishing, piping, rebar construction, concrete pumping construction, resin bonding agent injection construction, electrical drawing, painting and advertisement art finishing | 1級及び2級 | 令和8年2月8日(日) |
| mechanical processing, mechanical inspection, electronic equipment assembly, construction work, finishing, rebar construction, electrical drawing and advertisement art finishing | 3級 | |

(2) 実施場所

愛媛県職業能力開発協会が指定する場所

4 技能検定受検申請書の提出期間

令和7年10月2日（木）から15日（水）まで。ただし、郵送による場合は、同日までの消印のあるものは、受け付ける。

5 技能検定受検申請書の請求先及び提出先

愛媛県職業能力開発協会

〒791-8057

愛媛県松山市大可賀二丁目1-28 アイテムえひめ内

電話 (089) 993-7301
